

## GAVI

### VINEYARD

comune of Gavi

### VARIETY

Cortese

### PRODUCTIONS

4000 bottles

### VINIFICATION

Traditional, white one at a controlled temperature. The fermentation lasts about 10 days. After that there is the cooling for the stabilization. The wine is filtered before bottling.

### CHARACTERISTICS

Its colour is light straw-yellow. The scent is fresh and fruity. The taste is dry and delicate.

It perfectly matches with hors d'oeuvres, fish and white meat.

Suggested serving temperature: 12°C.
